My Place In the Sun

by DOUG BARRETT

Every year it becomes more difficult to write this column in the tradition which marked it beginning 20 years ago next January..... My Place was conceived as a local comments column and was compiled, like old ashes, on a day-to-day basis.....However, I feel some qualification because, after seven years away, I take pride in my mountain home and in my heritage in the Sierra Sun.....In fact, I delight in showing my friends from the valley around our town.....and it seems a shame to me that three or four fire-gutted old ruins clutter the landscape and detract so much from the otherwise pleasant aspect.

One of the first people we met when the Barretts arrived in Truckee in the summer of 1936 was Elsie Powell May.....last Thursday, when Barbara, the girls and I arrived, we went to the Goodfellows for luncheon.....and were mightily pleased to see there the same Elsie May, along with another of our dear friends, Maude Gaffield.....In my very first column under this title, a score of years ago, I commented on Judge "Hugh" Smith .....and it was good to see him still able to take his constitutional down Commercial Row in the pleasant Sierra summer.....The next week there was mention of the high quality and good looks of Truckee's babies and infants..... among others, there were listed little Tommy Dolley, Frank Giovannoni and the Elden Tonini youngsters.....this week I saw Bobbie Tonini, his lovely wife, Patsy, and their bonnie new baby girl.....and Maryann Tonini, home from her teaching chores in Colorado..... where, I hear, she is doing an inspired job.....Pearl Heller was then writing Meeks Bay news for the Sun.....this week, Pearl has been kind enough to lend us a bound file of Harper's Weekly for 1868, compiled by her granfather, pioneer Joseph Lake.....one of the lead articles begin, "For some weeks the island of Cuba has been a prominent object of attention" while another dealt with the impeachment trial of President Johnson.....a collector's item, on temporary display in the Sierra Sun's window.....Our genial health officer, Dick Walker, was meeting himself coming back early this week.....in addition to cheffing the Donner Lake regatta barbecue for hundreds of hungry, he tells me 31 new building permits were issued in the Truckee and Donner area on Friday and Monday of the week past.....Denney Logging and Burney Lumber each were in for $25,000 with Rex Reid down for around $20,000 worth.....Dick said the total would run around $100,000 in value .....Yep, since the first column a lot more water has gone over the dam than was trickling through the Tahoe City gates and down the Truckee River this week.....and isn't our beautiful river sadly low this summer?.....Some new thinking to meet new conditions is called for in and around Truckee.....but the base is as sound as ever, the prospects still sparkling.....One good example is the beautiful, grassy green golf course beginning to take shape on the hill just south of town.....a monument to imagination and a lot of hard work..... Nick Sassarini, with his fine looking son riding on his arm.....Ed (Nook) Frates and Harry Barnes driving a spike into the curb in front of the Toggery.....to anchor a plumb line for painting a new cross walk.....Had a good chat with Bob Bick on the glories of an active retirement.....Roy Waters, manager of the Truckee Little Leaguers, and Chuck Baker, ditto for the Donner Lake boys, trading belligerent challenges across the table at last night's Lions meet.....I'd better close before I run off the page..... Good to see you all again and, until we meet again, Peace!

SENATORS TO STUDY SQUAW VALLEY NEED

The State Senate fact finding committee on natural resources, chaired by Senator J. Howard Williams of Visalia, will hold a public hearing September 1 and 2 at Squaw Valley Inn in Squaw Valley. This notice was received by the local chamber of commerce this week from Ford B. Ford, executive secretary.

The purpose of this hearing is to receive testimony relative to facilities, operation and plans for development, expansion and disposition of Squaw Valley State Park. This will form a basis for recommendations to the 1961 session of the California legislature.

Two at Tahoe City Ask State Licenses

SACRAMENTO — (CNS) — The contractors' state license board announced it plans to issue contractors' licenses to Tahoe City firms if no protests are received by July 28.

Robert Bacon, P. O. Box 32, will be issued a general building contractor's license.

L. J. Johnson, P. O. Box 307 will be issued a drywall, hang and tape, contractor's license.

Donner Regatta Draws Thousands To Area Sunday

By VIRGINIA O'BEAR

Thousands of people were at the west end of Donner Lake Sunday to witness the eleventh annual Donner Lake Regatta. This race was an exciting one with the drivers out to win as they were competing for the regional championships. Trophies were awarded for first, second and third place winners in all eleven classes. A special perpetual trophy which is for the F Runabout class was won by Al Brooks, Jr. of Stockton.

Brooks won the trophy in 1958 and had to win again in 1959 in order to keep it but last year it was won by Don Biago so each driver had it for a year. If Brooks wins in this special race next year he will be able to keep it as it is necessary to win two consecutive years. This special trophy is given by the Donner Lake Volunteer Fire Department. This is the only area that presents this special trophy to the racers of the F Runabout class, which features two men in a boat.

The flip trophy, donated each year by Marsh Finch of Donlac Lodge, was won by "Dangerous Dan" McGrew, Jr. who still won second place in the B Hydro class after his unfortunate mishap.

Henry Wagner won the good sportsmanship award trophy of the day as the outstanding good sportsman. The firemen chose him after discovering he gave up driving his own boat to drive one for Chuck Parsons in the F Runabout class. It was necessary for Parsons to have two men in his boat. At the last minute, his man couldn't make it. Wagner also helped two young drivers get started who had come a long way to race. This performance delayed him so he could not race in his next class.

A beautiful trophy was awarded to Miss Donner Lake 1960, Joanne Pomin. Joanne and her princesses and the royal court made a grand entrance Sunday when all arrived at the races via a beautiful boat. After the races were over Joanne met the winners at Donner Lake

(Continued on Page 4)

Truckee Is Tops As Border Station

SACRAMENTO—(CNS) — Traffic passing California's border stations during June showed an unexpected dip under June of the previous year, the state department of agriculture reports.

Truckee was the busiest of the state's 18 border stations during the month, with 80,739 passenger vehicles and 245,797 passengers. It was followed by Yermo with 80,807 vehicles and 235,783 passengers. Truckee also cleared 4,618 trucks and 955 buses.

Automobiles entering the state from other states apparently were carrying more persons, the department figures showed. There were fewer out-of-state automobiles during June—233,386 in 1960, as compared to 237,079 a year ago—but the passengers in the out-of-state vehicles totaled 673,564. This was compared to only 671,251 persons in such vehicles a year ago.

Overall, the June traffic picture at the border stations showed 1,443,952 persons crossing the borders in 244,038 California vehicles, 233,386 out-of-state cars, and 4,674 buses. This compared with the June, 1959, record of 1,471,111 persons in 267,006 California cars, 237,079 out-of-staters and 4,241 buses.

Berliner, New Deputy Are Truckee Visitors

District Attorney Harold Berliner was accompanied to Truckee last Thursday by his new deputy, Jan Stevens, who has replaced Leo Todd as a part-time representative of the district attorney in the Grass Valley area.

Stevens is a graduate in law of the University of California and Boalt Hall. He is the son of Elmer Stevens, long-time western evada County historian, teacher and civic leader.

Son Born to Pastor, Wife Here July 12th

On Tuesday morning, July 12, at 10:20 a. m. a son was born to the Rev. and Mrs. Roy Rhoades of Truckee, their fourth child. Upon arrival at Tahoe Forest Hospital, the infant weighed six pounds, 6¾ ounces. Douglas Christopher are his chosen names.

U. S. Representative Harold T. (Bizz) Johnson will be guest speaker at a luncheon meeting of the Truckee Donner Chamber of Commerce next Thursday at Smart's restaurant west of Truckee.

Gunshot Wound Arises Out Of Spat Over Rent

At 7:30 Monday evening, Harvey Joe Guenther suffered a gunshot wound in the leg during an argument with Joyce Saunders over a rental payment. No charges have been filed, pending investigation by Nevada County sheriff's officers.

Mrs. Saunders stated Guenther had come to her home near Donner Lake to pay his rent. A discussion over how the amount should be paid became quite heated, according to the woman. She called officers and while waiting for them to arrive, secured a .22 pistol. Stating that she feared possible physical violence, she fired the gun out the door as an indication it was in her possession.

The woman stated she did not aim at the victim but evidently the bullet ricocheted off a nearby rock or log, striking him in the leg.

James Boasso was a witness to the fracas. Guenther was treated at Tahoe Forest Hospital.

STEAD'S BROTHER KILLED IN CRASH

Word has been received here this week of the untimely death of Robert K. Stead, younger brother of Wayne C. Stead of Truckee, who was killed in an automobile accident in Roseburg, Oregon, July 1. His car was hit by a train at a blind crossing.

The deceased was production coordinator for Evans Products Corporation of Roseburg, where he and his family had made their home for the past ten years. He is survived by his wife, Anna Ruth and four children, Linda, Sherry, Robin and Ricky, of Roseburg, his father and three brothers in California. He was a graduate of Oregon State University and a member of Delta Upsilon.

Interment was in the National Cemtery in Portland.

District O. E. S. Picnic At Home in Gateway

Mr. and Mrs. Charles Heller entertained over 50 members of the Annie Picknell Mills Association and the Henry Lee Wintz Association of superior California Sunday, July 10. The occasion was a picnic dinner and garden party at the Hellers' Gateway Park home, honoring the birthdate of Mrs. Mills, the junior past grand matron of the grand chapter, O. E. S., whose home is in Butte City. She was presented with gifts from the two groups, who are 1959 matrons and patrons of the Order of Eastern Star.

PURCHASES HOME

Dr. Ray Wiser of Truckee has purchased the lovely Lindauer home, overlooking Donner Lake, according to Eve Popovich of Donner Trail Real Estate.

Visitor From South—

Mrs. Don W. Ryan was a Truckee visitor wth friends and kin from Anaheim during the past weekend.

Down South—

Miss Denise Clepper is expected home soon after visiting with relatives in southern California.

To San Francisco—

Mrs. Daven Morey returned Friday from a visit to San Francisco and Sacramento.

Congressman Will Visit Here Next Thursday

Representative Harold T. (Bizz) Johnson will be in this area next week, visiting constituents. A high point of his visit will be a meeting with the Truckee Donner Chamber of Commerce at a luncheon Thursday, July 21, at Smart's restaurant.

President Lee Apple anticipates a good turnout, since the congressman will discuss federal legislation effecting this district and will answer questions from local residents. This session will take the place of the regular chamber meeting on July 27.

At the chamber meeting yesterday, County Supervisor H. G. Loehr outlined three proposed plans for reapportioning the supervisoral districts of Nevada County. Two of the plans represented the majority and minority reports of a special 15-man county-wide committee appointed by the board. The third has been proposed by the Grass Valley Junior Chamber of Commerce.

The latter proposal is expected to take the form of an initiative measure to be voted on in a county-wide election in November.

A chamber committee, headed by Reg Smart, was appointed by the president to study the three plans and their ramifications. This group will report back to the chamber, with recommendations for a course of action to be taken by the local group. Other members of this committee are Zeph Rose, Cecil Edmunds and Dr. Ben King.

Smart, along with James McIver and C. Z. Smith, had represented this area on the 15-man study committee.

Also during the course of the meeting this week, Loehr discussed county budget requirements and possible tax rate increases while County Assessor C. L. Kitts reported on new county assessment figures.

"The Truckee Donner district is the fastest growing area of Nevada County, " Kitts declared, "and has been for at least the last four years."

Swim Classes Set To Begin July 18

Mrs. Phil Geier announces the Red Cross swimming classes for the Tahoe City and Kings Beach area are definitely set to start Monday, July 18. A confirmation of this date and a transportation schedule will be posted in front of the Tahoe City post office.

The tentative bus schedule calls for departure from Tahoma at 8 a.m., Tahoe City at 8:30 a.m. and arrival at Kings Beach at 9 a. m. If the volume of participation indicates, a second bus may be operated on a different schedule.

Miss Ann Trammel will be the instructor.

Soroptimists Planning Country Fair at Tahoe

At its weekly meeting Tuesday morning at the Crystal Bay Club, the Soroptimist Club of Lake Tahoe heard reports from various committees working on the year's projects. Mrs. Blanche Donaldson presided.

The club has one major fund raising project annually for community service work. This year this will be in the form of an Old Fashioned Country Fair to be held on the Commons at Tahoe City August 19 and 20, at 8 p. m. each evening, according to Mrs. Sophie Levra, publicity chairman.

Mrs. Lillian Hallifax of Tahoe City was a guest at the July 12 session. The next meeting will be at Crystal Bay Club on July 26, starting at 7:30 a. m.

Former Residents—

Mr. and Mrs. T. L. (Lee) Maberry were local visitors from Los Angeles this week. Maberry was an oil company distributor in the Truckee area 12 years ago and is now southern California division manager for the Douglas Oil Company.

House Guests—

House guests at the Frank Snyder home over the weekend were as follows: Mr. and Mrs. R. Arington of San Jose; Mr. and Mrs. Lee Arington and their daughter Mrs. Robert Moon of Fremont and Mr. and Mrs. Ellis Roberts and daughters Claudia and Cindy of Denver, Colorado.

Tahoe Yacht Club Sponsoring Series Of Junior Regattas

The Tahoe Yacht Club is sponsoring a junior outboard regatta at the Sierra Boat Company, Carnelian Bay, July 17. Ralph Peer, publicity director for the event, states any participants should be there by 9:15 Sunday morning.

Classes will include a 7½ hp. and under for drivers 13 years and under and the following events for drivers 20 years old and younger:

Class B hydroplanes, class B utilities, runabouts 19 hp. and under, runabouts 20 through 36 hp., runabouts 37 through 50 hp. and runabouts 51 hp. and over.

An entry fee of $1 will cover not only this week's regatta but two other events later in the season. Entrants need not be members of the sponsoring club to take part. Trophies will be awarded for first, second an dthird place winners.

R. Randolph Walker is chairman of the committee for the junior regattas. Subsequent events will be held on August 7 and August 14.

North Tahoe Film Is Shown Widely

Supervisor-elect William Briner of Tahoe City and Lee Apple, manager of the Truckee branch, Bank of America, were named to vacancies on the board of directors, Lake Tahoe Sierra Chamber of Commerce at the last meeting of the organization.

Meanwhile, President Thomas L. James reports the chamber's new motion picture was receiving wide showing and notice in its first week "on the road."

The 28-minute, sound and color movie, "Fabulous North Shore of Lake Tahoe," has been shown during the past week in Butte, Mont., Twin Falls, Ida., Tucson, Ariz., Bakersfield and San Mateo, Calif. In addition, it was aired over television station KOMO, the ABC outlet for the Pacific orthwest in Seattle, over its regular program, "Adventure Today."

James reports that the film will be shown to the Truckee Lions Club at its meeting on July 20.

Beverly Gunkle Enters County Beauty Contest

Miss Beverly Gunkle of Tahoe Vista is among 16 girls entered in the Miss Placer County beauty contest to be held July 27 as the opening night feature of the Placer County fair in Roseville. Other communities represented are Colfax, Auburn, Meadow Vista, Lincoln, Emigrant Gap and Roseville. The winner will be eligible for the state fair Maid of California contest and will receive a three-day trip to a Las Vegas resort hotel.

Entries will close July 18. Girls participating must be residents of Placer County who have lived in California one year or more, between the ages of 16 and 26 as of August 28 and have never been married.

Donner Lake Firemen, Auxiliary Say 'Thanks'

The Donner Lake Fire Department and Auxiliary this week extended a vigorous vote of thanks to all those in the area who contributed to the tremendous success of the Donner Lake regatta last Sunday, according to Mrs. Richard Walker, president of the auxiliary.

"We hope everyone had a good time," Mrs. Walker said, "and we certainly appreciate the splendid cooperation we received from everyone. Words simply cannot express our gratitude."

Kings Beacher Attends Appraisers Short Course

Noble T. Murray of Kings Beach was among 50 real estate appraisers from the western United States attending the summer short course pertaining to the problems with grazing lands and cattle ranches, held at California State Polytechnic College at San Luis Obispo recently. The course was sponsored by the American Institute of Real Estate Appraisers.

From Los Angeles—

Mr. and Mrs. LeCuyer of Los Angeles returned home this week after a visit with their son-in-law and daughter, Mr. and Mrs. Lauren Russell.

Sportsmen Study Law Proposal For Control Of Dogs

Means of controlling prowling dogs in the area were discussed at last Friday night's meeting of the Truckee Outdoor Sportsmen in Capitol Hall.

The members talked over the feasibility of sponsoring a county ordinance before the board of supervisors, patterned on one in force in Tuolumne County. Such a law provides penalties for owners of dogs permitted to run free who destroy wild game in the woods or who imperil the personal safety or property of others. The Tuolumne ordinance provides a minimum penalty of $100 for first conviction and $250 and 10 days in jail for second conviction.

Sportsmen noted a marked incidence of roving canines harrying and injuring deer and other game in the area. At the same time, others noted several people in the community have been bitten by dogs whose owners have failed to restrain them.

The law, as adopted in the Mother Lode county south of here, specifically prohibits "night-running" dogs in its jurisdiction.

Preliminary plans were discussed for a "deer derby" to be sponsored by the club, immediately following the close of deer season on November 6. A committee named to set up the program and make a report to the group consists of Charles Spilner, Frank Fox and George Wurst.

Participants reported on the organization's jeep caravan outing to White Rock on June 18. Bill Fordham presided over his first meeting as president of the Truckee Outdoor Sportsmen.

Local Beauties Vie For County Crown

By VIRGINIA O'BEAR

Five beautiful young ladies from this part of Nevada County have filed application forms this week to compete in the Maid of California contest. They are Shirley Smith of Donner Lake who was Miss Donner Lake of 1959, Renee Hall and LaVonne Lund from Meadow Park, Donna Barnes and Rosalie Frates of Truckee.

The girls will appear at the American Legion Hall in Grass Valley on July 30 at 7 p. m. After the decision is made by the judges, the new Maid of Nevada County will then compete in the finals which will be in Sacramento sometime in August. All contestants are asked to appear at the hall at 2 o'clock for a dress rehearsal, dressed in their favorite swimsuit and high heels.

Prizes will be awarded to the winner so it would be nice if people in Truckee, Donner Lake and the surrounding areas could go down and back up our five contestants. The place is the American Legion Hall in Grass Valley; the time is 7 p. m.

LOCAL RESIDENTS AT PLANNING HEARING

Twenty-five resident of the Truckee and Donner area attended a meeting of the county planning commission in Nevada City Monday evening. The first hearing on a proposed zoning ordinance for Donner Lake was held. The second and final hearing will be held at the county seat July 25, at which time differences will be ironed out and the ordinance forwarded to the board of supervisors for further action.

Airport District Meet Moved Up to July 26

The regular meeting of the Truckee-Tahoe Airport District, scheduled for July 19, has been postponed until Tuesday, July 26, due to the absence of Chairman John Holgate, who is visiting in Canada. The meeting will take place at the Truckee Public Utility District office.

Hospital Auxiliary Buys Cardiac Difibrillator

The Tahoe Forest Hospital wishes to gratefully acknowledge the gift of $250 from the T. F. H. Auxiliary. The money, raised at a recent buffet given by the auxiliary, will be used to purchase a cardiac difibrillator. The auxiliary has been assisting in all departments of the hospital since last November.

Edmunds Chides Nevada Engineer In Compact Talks

Belying weekend reports predicting an early harmonious accord by the California-Nevada Compact Commission, the group hit a snag in its Monday meeting over organizational procedures. Rumors that the compact negotiations were about to "blow up," however, were characterized by Col. A. M. Barton, commission chairman, as poppycock."

The group is meeting in Reno this week in fresh efforts to attempt solutions as to how much water is available in the Tahoe, Carson, Truckee and Walker river watersheds and how it should be allotted.

Nevada members were reluctant to approve a reorganization of the committee structure. The plan, drawn up by Col. Barton and Edmund Muth, Nevada water engineer, calls for three committees instead of five. Harvey O. Banks, California director of water resources, urged immediate adoption of the change because, he said, the group is so overloaded with committees it cannot function effectively.

Cecil Edmunds of Truckee, California member, at the Monday meetings scored the Nevada engineer for certain unilateral actions he said the neighboring state official is taking during the negotiations.

He said California was tabling action on water diversion requests until they had been presented to the two-state commission but that Nevada was continuing to approve requests for withdrawing Lake Tahoe's waters.

He cited approval of water rights for Incline Village at Lake Tahoe by Muth and said he only discovered it by "reading the papers."

Nevada representatives admitted they don't know how such requests are being handled but promised to contact Muth and ask for complete information.

One Nevadan on the commission, George Devore of Reno, commented that the application approved by Muth "had been held up for 12 years" and he did not see "why it could not be delayed another year or two."

Meanwhile, some participants predicted a tentative compact would be ready for the 1961 legislative sessions, providing there is no lengthy delay in securing federal approval. The commission has been deliberating for over two years.

Last week, the Nevada County planning commission received a letter from the compact group, proposing a meeting to consider the water problems of this area on July 18. The county planners seemed to feel this was too early as the California people involved should be represented by a competent water attorney. It was finally decided to request the Board of Supervisors to employ such an attorney to represent the interest of Nevada County in matters of allocation of Truckee waters. A later date was suggested.

Edmunds, coincidentally, is a member of the county planning commission.

LITTLE LEAGUERS AT GAME IN RENO

Little League ball players from the Truckee, Tahoe and Donner area went to Reno Monday night to watch the Reno Silver Sox host the Modesto Reds at Moana Park. The managers of the various teams chaperoned the delegation.

The local lads saw a thrilling game, with Modesto overcoming a 3-0 deficit to trip the Silver Sox in the ninth inning, 4-3.

The boys were accompanied by about 75 parents, managers and coaches. A vote of thanks was tendered the Silver Sox management and all the people of the area who helped make it a very enjoyable evening.

Games scheduled in the local loop this week are: July 14, Truckee at Tahoe City and Kings Beach at Donner Lake; July 19, Tahoe City at Truckee and Kings Beach at Donner Lake. Team standings are:

	W	L	T
Tahoe City	6	0	0
Kings Beach	4	2	2
Donner Lake	1	4	1
Truckee	0	5	1

Youth Problems Topic At Lions Club Meeting

The work of the California Youth Authority, Governor Brown's 14-point program for delinquecy prevention and related matters were covered in a talk before the Lions Club at its meeting last night at Donner Lake Lodge. The speaker was Douglas Barrett, member of the youth authority board from Sacramento. Zeph Rose presided and N. F. Dolley was program chairman.

Guests included Carson White and Wilbur Bell, Truckee; Bob Eisenhaus, Sacramento; visiting Lions were John Hostetler, Reno; Milt Jeppson, West Los Angeles; R. Carson Smith, Santa Ana, and J. E. Moorish, Lake Tahoe.

From Al Tahoe—

Mr. and Mrs. James Leamon and son Jim were visitors here on Tuesday last from Al Tahoe.

'BIZZ' LEADS FIGHT FOR FOREST ROAD FUNDS IN CONGRESS

WASHINGTON, D.C.— In the pre-recess closing hours, the U. S. senate and house have agreed to provisions of the federal highway act which provide for the expansion of the forest roads and trails system.

Approval of a conference report by both houses of congress has cleared for presidential signature legislation which provides $35,000,000 and $40,000,000 in fiscal 1962 and 1963, respectively, for forest roads and trails.

This brings to a successful conclusion the campaign spearheaded by Congressman Harold T. (Bizz) Johnson of the 2nd California district to obtain adequate authorizations for these projects.

Johnson explained the authorizations are important if the forest service is to keep up with needed expansion of its road and trail system in the years ahead.

"We must have adequate access to our forests for fire prevention and control, disease control, improved timber sales and recreation. The national forests have developed an excellent program of development and full utilization of all our natural resources, including recreation. This increased authority for road and trail development is in accord with this program," the local representative declared.

"In the United States, we have 180 million acres of forest service land," Johnson continued. "In California we have approximately 25 million acres of such land. In order to bring about proper utilization of our lumber products it is very necessary that we allow adequate funds to provide for these access roads and trails.

"These roads also are important to our livestock people, to our mining people and today we are trying to provide recreation areas within the national forests for approximately 90 million visitors a year. So, I think you can see that we do have a real job to do in opening up our forests with these access roads and trails."

A major portion of the funds are for heavy duty gravel roads and bridges to permit timber harvest, recreation, mineral development and livestock movement.

An effort was made to reduce the authorization to $30,000,000 for each of the years but Johnson rallied members of congress with substantial forests in their districts in order to block this reduction.

President John Adams was the first president to live in the White House; he entered it in November 1800.

TAHOE CITY START SLATED AUGUST 6 FOR SIERRA RIDE

Already interest among riders has become international in competition for the Tevis Cup trophy for the annual 100 miles one day ride event over the Western States Trail from Lake Tahoe to Auburn August 6. The Tevis Cup, awarded for horsemanship, was established for the event a year ago in memory of Lloyd Tevis, a California pioneer of 1849 who later was president of Wells Fargo.

The ride begins at the Tahoe City post office at 5 a.m. August 6, when a pouch of Pony Express mail is received and strapped to the saddle by a mounted messenger for delivery over the 100 miles trail to Auburn. Prior to the ride, all horses will have been qualified by careful veterinary examination and at all times during the ride they must meet the approval of the judges of the event and the board of veterinary medicine. Three one-hour stops are required for thorough inspection of all the horses to insure they are in good condition before being allowed to continue.

The Tevis Cup ride is becoming recognized as among the most notable riding events of its kind in America and the attention of horsemen everywhere will be on the performance August 6. Entries are handled by the Western States Trail Ride organization, City Hall, Auburn.

There are more than 400 churches of all denominations in San Francisco.

Unincorporated Area Shows Sales Tax Boost

SACRAMENTO — (CNS) — Nevada County and its cities have received $54,985 as the final second quarter distributions of the local 1 per cent sales tax, bringing the total received for the 1959-60 year to $276,151, the State Board of Equalization reported.

For the county as a whole, this was a 14.7 per cent jump from the taxes received during the 1958-59 fiscal year, the board said.

The final second quarter distributions included $34,846 for the county, a gain from the $29,816 received in the second quarter of 1958-59. The fiscal year portion for the non-incorporated county area was $179,337, up 18.9 per cent from a year previous.

Distributions of $51,254,880 in May and June brought allocations for the fiscal year to $218,971,294 for the 54 counties and 333 cities which contracted for state collection of their local sales and use taxes before January 1 of this year. Slightly over thhree-fourths of that amount went to cities and the balance to counties, including the consolidated city and county of San Francisco.

Alpine County became the 55th County to contract for state administration of the local tax on July 1, leaving only Plumas, San Mateo and Siskiyou Counties and their 25 cities still outside the program. Seven of the cities have their own sales tax program.

For the second quarter, only 24 local government had a decline in allocations from the previous year.

West Shore Notes

By NINA SLADE
LAmbert 5-7751
P. O. Tahoma, Lake Tahoe

Mrs. Louise Geier reports that Red Cross swimming classes will start July 18 at Kings Beach. School buses will be provided to pick the children up at 8 a. m,. and bring them home at noon. Mrs. Anne Trammel will instruct again this year. Schedules will be posted in Tahoe City at the post office. Further information may be obtained from Mrs. Geier at JUniper 3-3106.

* * *

Guests of the Phil Geiers this week were Mr. and Mrs. Arel Wright of Rosemead.

* * *

That "about-to-leap" ski jumper on the Tahoe Inn veranda recently "donated" to Bill Bechdolt until it can be placed on the Commons at Tahoe City, makes one want to duck, when passing. The figure is posed for takeoff from the Inn into the Lake. A jump that would make Olympic history.

* * *

Mr. and Mrs. Charles de Brettville and family and Mr. and Mrs. Gardner Mein,, Gardner, Jr. and Mary Elizabeth are at the W. W. Mein place.

* * *

Mr. and Mrs. Allen Bray, Allen, Jr., and Kathleen at at Lake Forest.

* * *

Dr. and Mrs. Cabot Brown of San Francisco are at their Tahoe residence. Stephen Brown and his fiancee, Claudine Montgomery were guests of the John Bradleys at Rubicon over the weekend.

* * *

The Charles Beardsleys of Oakland are at their Tahoe Residence

* * *

At the first meeting of the Board of Freeholders for Placer County, in Auburn, now in process of formulating a new charter, it was suggested that a member from Tahoe be appointed to represent the lake area.

* * *

Mr. and Mrs. Will Grant of San Rafael have visited the lake recently to look over their Tahoe property across from the proposed location of the new Safeway.

* * *

Mrs. Donaldine Grass of Sacramento, physical ed instructor at Sacramento State, enjoyed a holiday at her Dollar Hill cottage with friends.

* * *

Congrats to that most popular jovial Santa Claus, Ralph Bly, new president of Rotary at Tahoe City.

* * *

The Women's Club luncheon at Smart's Restaurant was well attended. Among the guests were Mrs. Stella Watson. One of three new members at the meeting was Mrs. Ralph Harrington of Pineland, who is building a new home in Sierra Estates. Sorry, we couldn't get the names of the other two. Next regular meeting will be August 4, luncheon at Crystal Bay Club.

* * *

Many California University alumni are taking advantage of Tahoe Alumni Center's summer programs. Last week a group were oh-ing and ah-ing after a chair lift trip to the top of Squaw Peak. Guest speaker last Tuesday evening was Professor Jerry Marsh, dean of the college of letters, and director of summer sessions on the Berkeley campus. Marsh took what he called a "rebel's" attitude toward some of the present-day tendencies in education. Manager Lindsay extends an invitation to all alumni in the area to attend the Tuesday seminars and also to Tahoe area people who are interested. He asks only that you telephone him and advise him you'd like to attend.

* * *

There were many admirers of the stunning floral arrangements by the Ducharme shop at the wedding of Gerda Fruchtenicht and Eyvind M. Faye, Jr., at the Outdoor Chapel, July 3, and repeated for the reception at Homewood

* * *

The Wayne Poulsens and family of Squaw Valley are off on an extended trip which will include Jackson Hole, Wyoming, and Banff and Lake Louise on their way home.

* * *

Dr. and Mrs. Clark Burnham are at their home on the Truckee.

* * *

Mr. and Mrs. C. K. McClatchy were at their Sunnyside place before going down for the Democratic convention. Judge and Mrs. Philip Connolly were up for the weekend.

* * *

Mrs. Stella Watson enjoyed a one-day visit from her daughter, Mrs. George Collins, of San Anselmo.

* * *

A beautiful program in color was received this week for the Rome Olympics carrying the story and legends from the antique Greek games to the present.

* * *

The Lewis Marstens and the Albert K. Millers are at their lake homes. Mrs. Miller plans to stay until October.

* * *

The Ernest Wentes of Livermore are at their summer lake home.

* * *

Clifford Lyonds from Grants Pass, Oregon, nephew of Marge Zeibig, is helping out at the Chicken House, where, to the delight of the touring hungry and thirsty, Bill has set out attractive tables, chairs and umbrellas, in a log-fenced patio. One can admire the scenery and be refreshed at the same time. First sidewalk cafe at Tahoe, so far as we know.

* * *

The C. L. Pecks of Carmichael are enjoying their lovely lakeview home at Swiss Village.

* * *

The H. Allen Lanes of Orangevale arrived at their Tahoma place via a trip to Kansas to visit her father.

* * *

Dozens of celebrations will be held in the west this month to honor the 100th anniversary of the Pony Express. Postmaster General Summerfield will be in Sacramento on the 19th when the first day sale of the new Pony Express Commemorative postage stamp will be held. Approximately 1,000 riders and 1,000 horses are expected to participate in the 1,900 mile route

More Regatta

Continued from Page 1

appointed because they weer un Lodge where she presented each one with a trophy and a kiss while hundreds of people applauded her and the winners. Mrs. Robert Jamieson presented a huge cake decorated in the Regatta theme to all winners, officials and to Miss Donner Lake and her court.

In 11 years, this has been the most exciting one in every way. We had a larger crowd for the races Sunday. The firemen's ball and the delicious barbecue served to nearly a thousand people on Saturday. Richard Walker prepared the barbecue sauce and cooked the delicious spareribs with the help of some of his friends who came up from Grass Valley and Nevada City. Also Tony St. Claire along with Dick Quist and other firemen helped the ladies with the barbecue which the boat racers as well as the huge crowd said was the very best they had ever had anywhere. A special thank you should go to Martha Pankoke who made the best cole slaw ever served, bar none.

A special F Trophy was awarded to Richard Walker for cooking the ribs and very soon he will have a new mount for it in the shape of ribs or a cook if I can find one or have it made to order.

Another exciting event happened to the firemen when they were presented with next year's contract to have the regional championships again. This will make the third time that Donner Lake has been honored with these championship races and plans are already in progress for a bigger and better event next year. We have two donations for the races already, Bert and Arline Johnson are donating a trophy from their "Henry's Ol Place" in the bay area and Mr. and Mrs. Arthur Lolmaugh of Grass Valley are giving a half ounce gold nugget to the grand prize winner. Looks like next year will be great with such a terrific start. Good luck, Donner Lake Volunteer Fire Department and Ladies Auxiliary.

Winners in the eleven classes are:

C Hydro: 1st, Harry Bartolomei, Hayward; 2nd Bob Vieira, Oakland; 3rd, Frank Nunes, Newman.

C Runabout Service: 1st, Bob Ziemer, Richmond; 2nd, James Hauenstein, Kingsburg; 3rd, Fred Hauenstein, Jr., Kingsburg.

A Hydro: 1st, Joe Major, Irvington; 2nd Bill Escobar, San Jose; 3rd, Bob Hanie, Sacramento.

B Race Runabout: 1st Harry Bartolomei, Hayward; 2nd Bob Thompson, Sacramento; 3rd, A. K. Nicolet, Redding.

D Hydro: 1st, Chuck Kuhlman, Sunnyvale; 2nd, Charlie Lohr, Yuba City; 3rd, Bob Powell, Modesto.

C Race Runabout: 1st, Les Morton, Woodland; 2nd Jim Pickard, Stockton; 3rd, Fred Hauenstein, Sr., Kingsburg.

F Race Runabout: 1st, Al Brooks, Jr., Stockton; 2nd, Bill Carson, Sr., San Francisco; 3rd, Buzz Miller, Napa.

C Service Hydro: 1st, Phil Schotsal, San Francisco; 2nd, Ed McGowan, Napa; 3rd, John Naves, Sacramento.

B Hydro: 1st, John Alden, Oakland; 2nd, Dan McGrew, Jr., Carmichael; 3rd Janet Herrick, Del Paso Heights.

D Race Runabout: 1st, Richard Fuchslin, Dixon; 2nd, Dick Hobbs, Oakland; 3rd, Allen Sutfin, Marysville.

F Hydro: Al Brooks, Jr. Stockton.

The top three winners in each of the 11 classes qualified for the western divisional championships being held August 14 at Pyramid Lake, Nevada. Winners there will progress to the nationals at Bakersfield.

Donner Doings

By VIRGINIA O'BEAR

Now that this year's Regional Championship Races are over, the firemen and auxiliary members of the Donner Lake Volunteer Fire Department are expressing their thanks and gratitude to everyone for their cooperation and participation in the Donner Lake Regatta. I am happy that we had the helping hands of Mr. and Mrs. Robert Jamieson, operators of the west end of the beach. Dr. Ben King and Dr. Brodie who stood by in case of accident, as well as the Truckee Ambulance Service. We are all grateful to Mr. and Mrs. A. Cabano who have a motel in Sacramento and let Miss Donner Lake, princesses and the royal court cool off in their pool after their TV appearance on KCRA. Also grateful to the following: Jim Marrot for furnishing the radios in the crash boats that were donated for use by Reg Smart, Ivan Tofft, Robert Jamieson, Tom Bonano and Arnold Verdi. Without all of these people helping, I am sure it would not have been quite so successful, so many thanks to everyone who helped and that includes all of the merchants who had advertising in the Regatta program, the spectators and the firemen and auxiliary members, and to Bob Clark of Radio KBET in Reno who helped with other advertising as well as with his station.

* * *

Dr. Wiley M. Riggs and his lovely wife have been vacationing and are friends of Dr. and Mrs. Tapia of Truckee. They have enjoyed Donner Lake very much and like our little community here with all of its activities. It was a pleasure to have them in our area and we will all miss them when they go back to Pohenix, Arizona.

* * *

People around Donner are happy that Shirley Smith has entered the Maid of California contest. She will compete with other young ladies from Truckee and Meadow Park and will appear at the American Legion Hall at 7 o'clock, July 30. Shirley was Miss Donner Lake of 1959 so we are all wishing her he best of luck.

* * *

Many people have asked me recently about the postal service we were trying to get last fall. We gave a list of the permanent residents at Donner Lake and we had the opportunity of having the postal inspector here from Reno, Mr. Arch. Mr. Arch made several trips to Donner Lake talking to people about postal service. Some told him they wanted a sub-station and some said delivery service would be nice. I was dismayed to find that some told him we should wait several years because we are not "big" enough out here yet for postal service. If any of you out here are still interested, I'll help but I would not want the responsibility again of starting all over, this is what we have to do if we expect service at Donner Lake. Why wait another two years when we could be enjoying service that our community deserves? When little dots on the map get postal service, why not Donner Lake with its population growing in leaps and bounds?

* * *

Mr. and Mrs. Conrad Webb were up over the weekend to take in the big barbecue, dance and Regatta. Also took back daughter Judi who had been visiting sister Jerri and brother John. They are from San Mateo.

* * *

Many people have asked me what happened to Arline Johnson's Thunderbirds a week ago sunday. I was talking to Arline and she said she and the riders were very disappointed because they were unable to find a spot to perform. They tried to get several places after they were unable to perform at the west end of Donner Lake. Plans are now in progress with the help of Dr. Tapia in Truckee and around Labor Day they will perform for us. Time will be announced later, I'll keep you posted.

* * *

The ladies Auxiliary of the Donner Lake Volunter Fire Department will meet next Thursday night on July 21. Hostesses Janet Franklin and Donna Warnke are planning a surprise so you will be notified as to the place before the meeting. This will be a very important meeting as results of the barbecue will be reported. Come and bring a friend and also your summer resident neighbor who is up for the summer.

AUBURN TO LAKE JEEP CARAVAN ON COMING WEEKEND

AUBURN—A caravan of jeeps will wind its way over an old emigran trail from Auburn to Lake Tahoe during the annual ride over the Sierra next Saturday and Sunday.

The jeeps carrying more than 200 persons will travel the rugged trail to view some of the nearly untouched forest lands in El Dorado and Placer Counties.

This is the 10th annual trip sponsored by the Auburn Jeep Club and the Auburn Area Chamber of Commerce.

Equipped with sleeping bags and other gear, the jeeps will rendezvous at 9 a. m. Saturday at the Freeman Hotel. Members of this group will lunch along the South Fork of the American River. A second caravan will leave at 1:30 p. m.

The scenic route will follow Highway 49 to Cool, El Dorado County, and travel through Georgetonw to Uncle Tom's Cabin, named for Uncle Tom Markham, an early day settler who built a cabin on the site in the 1860s.

The caravan will go tehrough Wentwortht Springs, El Dorado County, where an old hotel built in 1880 still stands in the meadow on the edge of Gerle Creek.

From Wentworth Springs the road ends and becomes a trail climbing upward over boulders and bare granite stretches, passing near such lakes as Mary's, Quail, Bugle, McKinstry, Pleasant and Loon.

Past Spider Lake the trail winds down granite canyons to Buck Island Lake at the foot of Desolation Valley. An island in the middle reveals the Shangri La like retreat, formerly the home of the late Victor Wickander, who built the elaborate home in the 930s.

From Buck Island to the Rubicon River, the trail is at its roughest with huge boulders, overhanging rocks and sheer roadbanks.

The last stretch of the ride is up the east side of Rubicon Canyon to beyond the summit, where trail becomes a dirt road winding past Miller and Richardson Lakes to Chambers Lodge, Lake Tahoe.

Ray Shull, president of the jeep club, said a barbecue will be held for club members in August to show moving pictures of the trip.

Tahoe-Sierra Emblem Club Changes Meet Time

TAHOE CITY—At the last meeting of the Lake Tahoe Sierra Emblem Club No. 347, the members voted to change the date of monthly business meetings to the first Monday of each month, excepting in February and March during which time the club is dark. It was also announced the new permanent business meeting place to be at the Elks Lodge in Tahoe Vista.

President Florence Brown appointed Ethel Shaver to fill the vacancy created by the resignation of Yvonne Bechdolt as corresponding secretary.

Birthdays honored of members present for the month of July were Glenetta Meixner, Esther Brown, and Marie Henry. A special prize was won by Eunice Ingram. Refreshments were served following the meeting by Essie Loehnert and Gwen Robinson.

A brunch and swimming party is to be held for members and their guests on July 21, 10:30 a. m. at the Squaw Valley Inn. Ways and Means Chairman Helen Sumners reports an enjoyable get together is planned so all members are urged to attend and bring all their friends. There will be a small charge.

SEEKS TAHOE PIER

TAHOE CITY — John Bolen of Woodland has made application to the U. S. Army corps of engineers for a permit to construct a pier in Lake Tahoe. Site of the proposed pier is at the McKinney shore subdivision, Placer County.

The White House was originally called "The President's Palace."

AND WE DO THIS TO
OURSELVES

No war crippled this man—nor thousands more injured day after day in traffic accidents. For this highway butchery, only we ourselves are to blame. We disregard laws made to protect us. Nearly every accident grows out of some violation. And casualties mount! They will lessen only if you help. So drive safely. Obey the law. Insist others do, too. Where traffic laws are strictly obeyed, accidents go down!

FACE THIS FACT
Drivers are the No. 1 cause of traffic accidents which last year injured 1,400,000 and killed 38,000. This year an increase is threatened. How long must this go on? YOU can supply the answer!

Published in an effort to save lives, in cooperation with the National Safety Council and The Advertising Council.

Sunday evening 7 p. m.
Wednesday evening Bible Study, Kings Beach home of Dal Hughes, 7:30.
These questions are asked every day by thinking people: Has God given heaven's best to redeem us with no thought of results in mind? Did Christ suffer and die with no purpose in view for His redeemed children? Are we saved merely to continue to live a self-planned life? Surely not! Such a conclusion would not only be contrary to reason but also to the clear revelation of the Scriptures. "Traveling the High Way" will be the pastor's sermon title for next Sunday.

CATHOLIC CHURCH
Father P. J. O'Neill, Pastor
Sunday Masses for June:
Truckee Assumption Church: 9:30 a. m.
Queen of the Snows, Squaw Valley: noon.
Corpus Christi, Tahoe City: 8 and 11 a. m.
Our Lady of the Lake, Kings Beach, 8 and 11:30 a. m.

UNITED CHURCH OF CHRIST
(Interdenominational)
Rev. Franklin S. Evans, Minister
Squaw Valley
Mail Address: Box 3, Squaw Village. Phone OL 8-9960.
On Sunday, July 17, Mr. Evans has chosen for his sermon topic "The Protestant Way."
Services each Sunday morning at 9 and 11 o'clock.
Church school classes, 9 and 11 a. m. Sunday.
Meditation, music and prayer, 8 p. m. Sunday.
Youth Fellowship, 7:30 p. m. Wednesday.

CHURCH OF THE MOUNTAINS
(Methodist)
P. O. Box 251, Truckee, California
Phone LU 7-3637
Rev. George Symons, Pastor
Services: Sunday, Soda Springs Hotel, 8 a. m.; Sunday, Truckee, 11 a. m.
Church School: Sunday, Truckee, 9:45 a. m.
Woman's Society of Christian Service: First Wednesday, Truckee, 8 p. m.

CHRISTIAN SCIENCE
Meets at Wyethia Clubhouse, Truckee.
Everyone Welcome
Sunday School: 9:30 a. m.
Morning Services: 11 a. m.
The way to unfailing peace and satisfaction will pointed out at Christian Science services Sunday in a Lesson-Sermon entitled "Life," the first of a series this summer devoted to synonyms for God.
Opening the Scriptural selections to be read are these verses from Psalms (36: 7-9): "How excellent is thy lovingkindness, O God! therefore the children of men put their trust under the shadow of thy wings. They shall be abundantly satisfied with the fatness of thy house; and thou shalt make them drink of the river of they pleasures. For with thee is the fountain of life."
Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (516: 9-12): "God fashions all things, after His own likeness. Life is reflected in existence, Truth in truthfulness, God in goodness, which impart their own peace and permanence."

DONNER SUMMIT NEWS

By LLOYD W. GAY

WATER DISTRICT MEETING
The monthly meeting of the directors of the Donner Summit Water District is held the first Tuesday of each month in the Donner Summit Lodge at 8 p. m. At the July meeting, Chairman Max Williamson reported that the repair of the district's water line under U. S. 40 in front of the Soda Springs Hotel was completed under supervision of the district board for $408, as compared with a $1,400 bid submitted by a contractor. After a discussion of the proposed bond issue and water development for the summit area, the meeting was adjourned until 8 p. m. July 19. At this time, the fesaibility report of the consulting engineering firm which has been studying means of improving the district's water will be presented and discussed. Interested persons, particularly property owners in the district, are urged to be present.

ELEPHANTS IN AREA
Motorists passing through Cisco Grove last week really were seeing elephants, as two of the beasts were brought there as a kiddie attraction. After providing rides for the week, the elephants moved on to Grass Valley.

ILLNESS
The foreman at the Big Bend Ranger Station, Howard Dragoo, has spent the past week in the Washoe County Hospital in Reno, recovering from an illness. He is expected to be up and back to work soon.

COMMUNITY BARBECUE
Plans for the annual barbecue sponsored by the summit area's Community Club are firming up as the August 7 date approaches. The event will be held at the picnic area behind the Big Bend Ranger Station. The public is invited, and tickets may be obtained from officers in the club, or from local businesses in the summit area.

FIRE TRAINING
Fire control personnel of the Big Bend Ranger District, including an engineering crew from the Tahoe Forest office in Nevada City and the research crew from the Snow Lab, received fire training at Big Bend on July 6 and 7. District Ranger Paul Madden and Fire Control Assistant Bob Mason instructed the students in the use of equipment and the latest fire control tactics.

FOREST FIRES
The lightning storm of the past week started two fires on the Big Bend Ranger District, one near the Cedars Resort, and one in the Grouse Ridge country. Ranger Madden pointed out that these are the first two fires reported on the district this year despite the unusually dry conditions. He expressed his appreciation to residents and campers, as they have been exceptionally careful with fire this season.

VISIT TO HAWAII
The mother of Mrs. Paul Madden of Big Bend, Mrs. A. McCulloch, is spending two weeks in Honolulu following a visit with her daughter in Big Bend. Mrs. McCulloch lives in Loyalton, where she teaches in the local school.

MATHEMATICS SYMPOSIUM
The Sierra Club hosted a group of mathematicians over the weekend who are attending an international symposium on statistics at the University of California in Berkeley. The group of 60 included scholars from England, Egypt, Poland, Denmark, Japan, Czechoslovakia and the U. S. A. After three weeks of study, the group is taking a tour through the Sierra, including Lake Tahoe and Yosemite National Park, before returning to Berkeley for a final three weeks meeting.

SPORTS CAR RALLY
The Paso de las Sierra Rally, sponsored by the Modesto Ninety-Niners Sports Car Club, headquartered at the Donner Summit Lodge on Saturday night. The 76 cars entered ranged from Volkswagens to a Mercedes Benz SL, with the larger cars taking no advantage in this type of event, which is judged on ability to maintain a predesignated average speed over regular highway routes The entrants, who came from as far as Santa Barbara and the bay area, passed through the Tahoe area on Sunday and then traveled over Sonora Pass in returning to Modesto.

TWENTY-THIRTY CLUB
Thirty-eight members of the Twenty-Thirty Club from Auburn spent Saturday night at the Soda Springs Hotel in a club outing. The group returned to Auburn on Sunday.

NAME CHANGE
The name of the ski lodge of the Associated Students of the University of California at Norden, formerly called the ASUC Ski Lodge, is now changed to the Cal Lodge in a shift of emphasis to year 'round facilities for students and employees of the University of California, reports Carl Levy, manager.

LASSEN PARK
A recent weekend trip to Lassen Volcanic National Park served only as a brief introduction to this beautiful park in northern California, about four hours drive from the Truckee area. Evidence of the mighty eruption of May, 1915, is clearly visible today in the remains of trees felled by the blast for a distance of three miles from the crater. The National Park Service presents a very effective naturalist program on the volcanic activity, and maintains many fine public campgrounds.

VACATION BY RAIL
Mr. and Mrs. Jim Sheritt have returned to the summit after an extended trip by rail to the east and into Canada. They visited Chicago, New York and Mr. Sheritts home town of Ottawa, Canada. Their journey continued through Banff and Vancouver before returning to California through Seattle and the Northwest.

Application is Filed For Lake Water System

HOMEWOOD — The Quail Lake Water Company has filed an application with the public utilities commission for a water system to service an area near Chambers Lodge.
The water system would serve several subdivisions being developed in the area, with an investment of $107,000 to provide existing needs in 1960. A service charge of $36 for five months or an annual charge of $72 for residences is proposed.

Ribbon Fall in Yosemite National Park has a drop of 1612 feet.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:
Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:
Hwy. 89
Homewood, Placer County
Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license for these premises as follows:
ON-SALE GENERAL,
SEASONAL QUARTERLY
Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

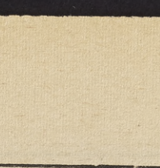
Game Commissioners Plan Regulatory Meet In South on July 25

The next meeting of the California fish and game commission will be Monday, July 25, in the Education Center, Park and El Cajon Boulevards, San Diego, at 9:30 a. m.
Principal business at the meeting will be to act upon the 40 antlerless and either-sex deer hunts proposed by the department at the commission's May meeting.
Since the hunts were proposed public hearings have been conducted in the affected areas by members of the commisison and by the director and deputy director of fish and game. At the July 25 meeting they will present their recommendations as to whether the hunts should actually be held, on the basis of testimony presented at the hearings.

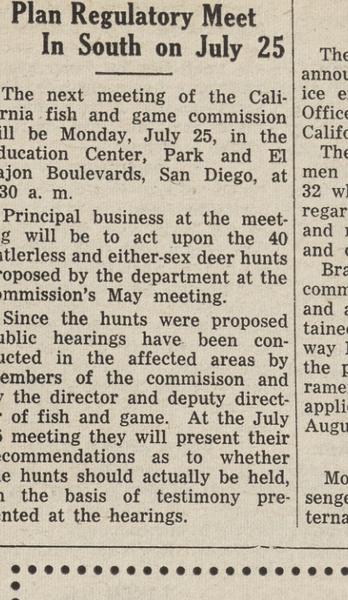
C.H.P. Seeking More Officers Via Exams

The California Highway Patrol announced today that a civil service examination for State Traffic Officer will be held throughout California on September 24.
The examination will be open to men between the ages of 21 and 32 who meet the requirements in regard to education, citizenship and residence, physical condition, and character.
Brandford M. Crittenden, patrol commisisoner said full information and application forms may be obtained from any California Highway Patrol office or by writing to the patrol at P. O. Box 898, Sacramento 4. Final date for filing applications for the examination is August 26.

More than three million passengers used the San Francisco International Airport last year.



WHAT'S DOING
L. R. deGallery, your Telephone Manager in Tahoe City



One of Disneyland's most spectacular attractions is the Circarama tour of "America the Beautiful." For you're encircled by 11 screens as this unique movie takes you to Times Square at night, a New England village, the Grand Canyon and many other parts of our land. The effect is breathtaking . . . just like being in these places yourself. And it's free, too—part of an exhibit sponsored by Pacific Telephone and the Bell Telephone System. If you visit Disneyland this summer, be sure you see Circarama, I know you'll enjoy it.

***Most folks** think that television is a recent invention. But this picture proves differently. That's the back of the television set that picked up the first city-to-city telecast. The year was 1927, and the program featured Herbert Hoover! Research by Bell Telephone Laboratories helped make possible that first telecast, and it was carried over a long distance telephone line. Today, telephone equipment still has a lot to do with bringing you television. Pictures from the entertainment centers of the nation travel to your local stations over our equipment—coaxial cables and microwave radio relay—before they're beamed to your home. While telephone research is always focused on bringing you better phone service, it is interesting how often its discoveries pay off for you in other ways, too.*

Summertime. That's the time folks spend plenty of hours outdoors. And here's an idea we've come up with that can add a lot to your outdoor living. It's a portable phone that can move outdoors with you. We put in jacks for it near your garden, patio or pool so you can plug it in wherever you go. Think of the steps it can save! If you'd like more information about this handy portable phone, just give us a call.

NORTH TAHOE

By JUDGE HARRY CHARRISON

NEW DEPUTY SHERIFF

Lou Conrad, an up and coming deputy, is now on permanently, we hope. We understand that he will be at the new court house at Lake Forest which is now nearing completion at which time too, Gwen Robinson, my very efficient court clerk, will be on full time, for which I am especially happy.

WEATHER

Would you believe that Crystal Bay, Nevada, had a welcome snowstorm the afternoon of July 6? The temperature was in the high 70's, the sun was shining brightly and then came snow. A woman from Phoenix, Arizona said "wait until they hear about this at home."

IN THE CORRAL AT LAST

Finally, Red Waddell has been "cinched." He's wearing a horse collar. Somehow, he twisted his neck and the doctor put this brace on his neck. Speedy recovery, Red.

LONG DISTANCE

We had a long distance call from Judge Crillo, formerly of Truckee, giving us news of her brother, John, who is now at Sacred Heart Novitiate at Los Gatos. He was also formerly of Truckee and San Francisco. His sister reports that he is doing swell and wishes to send his regards to all of his many friends here.

FIRES

A small fire but dangerous took place at a home opposite Riolo's, Kings Beach. It was kept to a minimum by our fire department, thanks to them.

RESIGNED

Now we hear that Carol Howard our faithful postmaster has tendered her resignation from that office. Carol took that office from me in 1946 when the office was in the quarters now occupied by Dr. Allen Sklar. Many changes have come about since then, many due to the efficiency of Carol. Congratulations to both her and Gene and to sweet Frances. We hope the move will be for their happiness.

FROM COSTA MESA

My very good friend, Jeanette Mitchell former secretary of the chamber of commerce and well-known in our community was here to see us. It was refreshing to see her.

TAKEN ILL

Fred Main gave us all a scare last week when he came down with an attack of indigestion and was taken to Tahoe Forest Hospital. Today, Saturday, Mrs. Main tells me that he is much improved and should be home any day, for which we are very thankful.

ON THE JOB

Wade Rowse of the U.S.F.S. has been kept busy, having worked for several hours at the Hobart Mills, Truckee and now he has left for Sequoia to fight a big fire raging thehe. This is a very dangerous period, so watch for fire, don't let it be your home or somebody else's. The North Tahoe Fire Protection District members are doing a remarkable job, but there are limitations so let's all keep them, you know how.

NORTH LAKE UTILITY ACTS TO CLEAR UP MATTERS OF POLICY

KINGS BEACH—The North Tahoe Public Utility District board has issued a five point statement to clarify district policy on a number of matters.

Contractors will be allowed to dig and install laterals from the property line to district mains but cannot make connections to the mains. Permits for installation of laterals must be obtained from the utility district and encroachment permits for excavation in streets and highways must be obtained from the county or state.

The district will not allow anyone to remove gravel or fill dirt from district property except the County of Placer which has a permit to take fill for improvement of streets in the area. There will be no resale of gravel or fill dirt.

District equipment will not be rented or leased to any contractor or be used for any purpose except utility work.

No dumping of trash, rubbish or tree stumps will be permitted on district property.

No equipment or supplies will be loaned or sold to anyone.

The board voted to refuse service to a proposed new post office in Crystal Bay. District Manager Edward Francis said the system is operating at near capacity and the board feels the remaining capacity should be reserved for property owners in the district. Sewage from the Nevada side is handled on a contract basis.

The board learned the public heatlh service has granted the district $3,000 for the 1960-61 fiscal year and the balance of a $17,500 grant will be forthcoming in 1961-62. The money is to be used for construction of additional oxidation ponds for effluent.

CHURCH CONCLAVE IN SQUAW VALLEY SET THIS FRIDAY

The United Church of Christ of Squaw Valley invites all those interested in the development of the church and its ministry to the community to an open meeting of the congregation on Friday, July 15, at 7:30 p. m. in the Converse Room of the church. This is the second meeting of this new church that meets for worship in the beautiful King of Creation Chapel. The meeting Friday evening is open to all.

Dr. William David Pratt, superintendent of the Northern California Congregational Conference, will lead the conversation as a local sponsoring committe will be elected and begin to function as the governing body of the church and to assist the Rev. Frank Evans, pastor of the church. Any questions about the life of the church may be directed to the minister by calling OLympic 8-9960 or OLympic 8-4187.

On Sunday, July 17, Mr. Evans has chosen for his sermon topic "The Protestant Way." The services each Sunday morning are at 9 and 11 a. m. There is also a service of meditation, prayer and music at 8 p. m. each Sunday evening.

All those of high school age are invited to share in the Youth Fellowship each Wednesday evening at 7:30 p. m. All college age and young adults are invited to an evening of coffee and conversation around the central fireplace in the Converse Room following the Sunday evening service.

There is church school at both hours of worship Sunday morning that helps to interpret the Christian faith to the children at their own level.

The King of Creation Chapel is open daily for prayer and meditation. When the minister is present the use of recorded music helps to establish the mood of worship during the week. The great sacred music of the Christian tradition is used so that perhaps you might hear the music of the Cathedrals of the 16th Century sung by the Roger Warner Chorale or the music of Bash played on the organ at Guns back by Dr. Albert Schweitzer.

You are cordially invited to make the United Church of Christ your church home if you live in the area; you are cordially invited to make this your church home away from home if you are a summer resident or a vacationer.

The United Church of Christ of Squaw Valley is here under a comity agreement from the Northern California-Nevada Council of Churches to serve Protestants in this area. The church has been created through grants from the Board of Home Missions of the Congregational-Christian Churches and the Board of National Missions of the Evangelical and Reformed Churches. These two major denominations have united to form the United Church of Christ.

GOOD BUSINESS SEEN IN BANK'S REPORT

Good business conditions, record high loan totals and a continuing branch growth were reflected in Bank of America's statement of conditions June 30, which reported total resources of $11,227,653,264.

Our loans to consumers, industries, builders, businesses—at all levels of our economy and for all types of productive purposes—now total $6,662,084,613, an increase of $574,901,244 during the past year," President S. Clark Beise said.

"This in itself," he said, "is ample evidence of the strength of business activity.

"And California's economy continues to expand. Bank of America has opened 20 new branches throughout the state during the past six months and plans to open a like number during the balance of 1960."

Beise predicted a strong level of business activity, accompanied by increasing loan totals, would continue well into 1961.

Imports of lead into the United States consist principally of ore and concentrates, and refined lead in pigs and bars.

TAHOE DISTRICT TOPS BUILDING IN PLACER FOR JUNE

AUBURN — Building valuations in the unincorporated areas of Placer County, paced by home construction, reached $1,330,472 during June.

Chief Building Inspector Alan Jones said $981,832 of the total valuations were for dwellings.

Approximately $650,000 of the amount was accounted for in building activities along Lake Tahoe from Kings Beach to Chambers Lodge. Two dwellings valued at $60,000 each were the largest projects.

Jones said the June total was approximately $100,000 less than the June, 1959, amount.

Valley Couple Wed At Tahoe Ceremony

TAHOE CITY — The former Gerda Fruchtenicht of Grimes and Evyind Marcus Faye, Jr., of Knights Landing are honeymooning in Hawaii after their marriage in Tahoe City.

The outdoor Episcopal Church of the Transfiguration was the setting for the wedding, conducted July 3 by the Rev. Malcolm Stewart of Ukiah, formerly of Colusa.

A patio reception was given at the Homewood Lodge before the newlyweds left on their honeymoon.

California's 1959 field crops were credited with a combined value of $910,250,000.

RULING IS MADE ON INDIAN GAME POINT

SACRAMENTO — (CNS) — The state attorney general's office has headed of some Indians in the south pass.

It came in a ruling on the tricky question of when Indians are under California jurisdiction and when they aren't. The particular question concerned the applicability of hunting and fishing laws to Indians.

In an opinion written for Attorney General Stanley Mosk by Deputy Lloyd Hinkelman, it was ruled that California Indians whose names are inscribed on tribal rolls, and who live in tribal relations still must obey hunting and fishing laws if they leave the Indian land.

The opinion notes California Indians whose names are inscribed on tribal rolls and who live in tribal relations are free from prosecution for certain offenses, including fish and game code violations, if they occur on Indian lands.

"However, such immunity is restricted by express language to violations occurring on Indian lands," the opinion said.

The opinion noted, incidentally, that the United States has taken preliminary steps to enter into approximately 18 treaties with Indians in California but none of them have been ratified by the U. S. Senate and therefore have no force and effect in California.

More than 131 million pounds of cottage cheese were manufactured in California in 1959.

A LONG LOOK AT STANCE

Although bowlers vary their stance positions, they still have much in common. Notice today's illustration and you'll see these points:

1. The bowler is balanced and comfortable with the weight pretty evenly divided between the two feet.
2. The ball is resting in the palm of the left hand to eliminate any strain on the right hand. The thumb and fingers of the right hand are inserted in the ball.
3. His head, shoulders, hips and feet all face the target.
4. His eyes are concentrating on the target.

A correct stance will take in all these points. Some bowlers may have some slight variations from the form shown in the illustration but they still share the four points above.

Some may hold the ball a bit higher or lower. Some may have one foot slightly ahead of the other. These are merely for personal comfort and "feel."

TAHOE CITY

SACRAMENTO—(CNS) — It appears to be only a matter of time before you'll hear a scream of indignation, resentment and anguish echo through California that will make the protests of anti-doe shooters seem like a friendly chat around a campfire.

The uproar will emanate from California boat owners and the cause of the frenzy will come on the day when persons must be licensed to operate a boat—probably any boat but a row boat.

Such licensing hasn't come to pass as yet, but it's almost a cinch that it's in the not too distant future. It's been known for a long time that the waterways of California are experiencing more and more traffic.

The full impact of the boating activity, from a public welfare angle, probably will be felt with the release of the reports on boating accidents. Reports of all boating mishaps involving death, injury or property damage in excess of $50 have been required since April 1.

During April, May and June—not normally heavy boating months—a total of 17 persons died in California boat accidents and another 71 were injured. There were even more accidents involving property damage only.

The statistics gathered by the Division of Small Craft Harbors for the first three months show the trend that the bulk of the accidents are caused by faulty operation, excessive speeds and lack of experience by the operators.

If the pattern of the first three months continuse, it is not unreasonable to expect that the total deaths for a full year might amount to nearly 100 and the injury figure might run to 300 or 400. The public of California, and the legislature which represents it, will not accept such an experience without action. The logical result probably will be a demand that boat operators be licensed and be tested for skill and knowledge of boating before such a license is issued.

Now such a move is going to cause no end of hard feelings in the boating fraternity. They are a group who have operated pretty well outside the pale of government for years and they will resist any regulation.

It was only this year that any statewide regulations over boat equipment, registration and the barest of essentials of safe operation took effect. The boaters have not responded too kindly to even this minimum law. For instance, the $5 registration fee for all boats was required by April 1.

However, at the end June, only about 208,000 of the estimated 350,000 boats in the state had been registered.

Boaters will tell you it is a peculiar business, one in which it would be impractical, if not impossible, to license the operators. There are many different types of boat in size, power or other features.

They will tell you that many nine-year-old boys are expert in handling even large craft.

But, judging from the casualty reports for the first three months of reporting, these arguments will have little avail.

After all, the public has been pretty definite about the handling of firearms. Hunting licenses have been required since the "year one" and any youngster who gets his first hunting license now must take a state-approved course in safe handling of firearms. In addition, there are restrictive laws covering safe gun-handling for all hunters.

Yet, in the entire year of 1959, the hunter casualties amounted to only about the total of boating casualties for three months.

RUSSELL REVEALS NEW PLAN TO CUT INSURANCE RATES

California motorists who find auto insurance difficult to obtain—including many forced to pay costly surcharges in order to get insurance through the "assigned risk" plan—may qualify for protection under a new plan now being offered by the State Farm insurance group.

Single male drivers under 25 and drivers over 65—two groups which have particular difficulty in securing so-called voluntary insurance—are specific targets of the new program.

Lauren Russell, local agent for State Farm, said the plan "will enable us to provide a far greater portion of the state's drivers with adequate protection on a voluntary basis than has been possible under our 'careful driver only' concept."

The new plan will be offered through State Farm Fire and Casualty Company, a wholly-owned affiliate of State Farm Mutual, the nation's largest auto insurer.

"Rates will be comparable to those of most other companies," Russell said, "but higher than those of State Farm Mutual, long known as a low-rate company."

He emphasized that the new plan will not affect the existing rates and qualifications of State Farm Mutual.

In addition to young and old drivers, the plan also is designed for those marginal-risk drivers of all ages who for various reasons find most insurance companies unwilling to accept them.

"Spiraling claim costs have tended to make insurance companies more and more selective, and as a result, many people have been forced to seek insurance through no fault of their own," Russell pointed out. "Our plan recognizes the responsibility of the insurance industry to voluntarily provide insurance to all deserving drivers, regardless of age or other factors beyond the control of the applicant for insurance—excluding of course the irresponsible fringe, which should not be licensed to drive anyway."

State Farm's new program offers drivers who qualify:

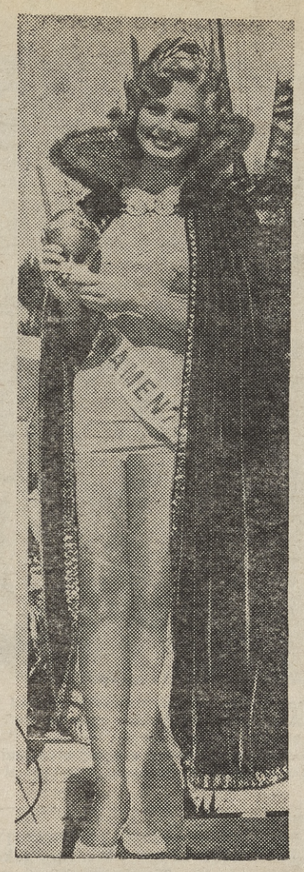
—Full coverage, including comprehensive, collision, and medical payments coverages not normally available through the assigned risk plan;

—Higher limits of liability than are provided in the minimum $10,000/$20,000/$5,000 bodily injury and property damage liability policy normally available to assigned risks; and

—The opportunity to lower rates from three to 15 per cent for successive six-months periods of accident-free driving.

Russell said he hoped that State Farm's efforts will have the long range effect of broadening the voluntary insurance market in California.

Russell's office is a mile west of Truckee.



Shown here are three of the prettiest girls in the State of California, reports the Sacramento Chamber of Commerce.

That's right, three, count 'em, reading from head to toe is the dazzling smile of Lorna Anderson, the perfect measurements, 36-23½-36, of Linda Marie Hines, and the shapely legs of Joan Beckett.

The composite picture was put together when recently the Sacramento Chamber of Commerce made a claim that Sacramento girls are the prettiest in the State. Chamber officials based their claim on the history of the Maid of California Contest held at the California State Fair annually. Of the seven winners three are from Sacramento, two are from Orange, with Tulare and San Diego County trailing at one each. This year the Maid of California will be awarded the coveted crown on August 31, opening day of the 12-day State Fair.

VACATIONISTS TOLD OF TURNOUT RULING

The California Highway Patrol reminds vacationists who plan trips into the mountains of California this summer that the "turnout" law will be enforced wherever appropriate signs have been posted.

The turnout law requires slow moving vehicles to move aside and allow impeded traffic to pass. Turnout areas have been built on two-lane highways throughout the state where traffic and road conditions warrant. Signs reading "Turnout ¼ mile" give advance notice while others reading "Turnout" mark the location.

"Under the law a motorist who is being followed by five or more cars must turn off at these marked locations and permit the cars behind to pass," Brandford M. Crittenden, commissioner of the California Highway Patrol, declared.

Crittenden said the law defines a slow moving vehicle as "one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place."

There are 17 public recreation and park units, containing 4,043 acres, in San Francisco.

JEEP JAMBOREE INTO TAHOE AREA SLATED JULY 30-31

Advance resigstrations and inquiries from the bay and valley areas and from southern California indicate that possibly 500 people aboard 200 jeeps will participate in the rough-riding eighth annual Jeepers-Jamboree, July 30-31 from Georgetown to Lake Tahoe. The event, sponsored by the Georgetown Divide Rotary Club, is nonprofit.

Jeepmaster Mark Smith cautioned that only landworthy jeeps in good condition and with good brakes will be accepted as members of the jeepcade which each year makes the rugged trip over the Devil's Playground.

No other types of vehicles other than the jeep four-wheel types are welcome, he said.

In past year other types of cars attempting to make the trip have given a lot of trouble, in numerous cases have broken down and have had to be winched or towed out.

Jeeps leave Georgetown at 7 a.m. July 30, atfer a breakfast prepared by the Growlersburg Post VFW, Georgetown Eastern Star, and the Georgetown Rebekahs, stop anywhere in the wood for lunch, and arrive at Rubicon Spring in mid-afternoon.

That evening the El Dorado Post, American Legion, will serve a Mountain Man steak feast at the Rubicon rendezvous. This will be followed by professional entertainment and dancing to a live orchestra.

July 31, the jeepcade takes off up the rough boulder-strewn mountain trail for Lake Tahoe.

In the plush days in the past century, when Rubicon Springs ran as a famous Sierra mineral spa, and was patronized by San Francisco nabobs and Comstock millionaires, four-horse stages negotiated the route thrice weekly. However, in the intervening years nature has all but obliterated the road.

Jeepsters will assemble at Tahoe Sands at Lake Tahoe, July 31, for dinner and eat anytime from noon until 6 p. m.

Information and registration blanks for the junket may be obtained from the Jeepers Jamboree, Georgetown. All efforts are being made by the committee to shut off registrations atfer July 23.

CARRY-OVER LESS

NEVADA CITY—Nevada County had a budget balance of $624,091 on June 30 to carry over into the new fiscal year.

County Auditor John T. Trauner reported this to the board of supervisors.

He said this is almost $100,000 less than the balance on hand at the same date a year ago.

He reported the treasurer showed a balance of $2,859,463 this year against a balance of $1,386,254 on June 30 of last year. But $1,500,000 of the present balance is in restricted funds of the Nevada Union High School for building.

relay reenactment of the Pony Express of 100 years ago. Markers will soon be placed along the "Silver Circle" route which includes Reno, Sparks, Virginia City, Carson City, Glenbrook, Squaw Valley, Donner Lake and intermediate points.

* * *

Mr. and Mrs. David Barbieri and children of Orinda were recent guests of her parents, Capt. and Mrs. E. F. Beck, Tahoma.

* * *

Mrs. John Priday of Stanola Lodge entertained her sister and brother-in-law, Mr. and Mrs. Gil Koehler of Anaheim.

* * *

Young Hank Alrich took a tennis course at Carmel recently.

* * *

The Frederick Onstotts of Gridley are spending a month in the Keeney-Trimm home on the lakefront at Tahoma.

* * *

Long-time Tahomaite, Carrie Warnack, has arrived for the summer.

* * *

A wedding at the north shore home of Mrs. Frank H. Buck united Calvin Parde Erdman, Jr., of Big Horn, Wyoming, and Mrs. Buck's daughter, Carol Franc. The bride, daughter of the late Congressman Frank H. Buck of Solano County, was given in marriage by her brother, Frank H. Buck, Jr. of Walnut Creek. Helen Janet Wilson of San Francisco, a Stanford classmate of Carol's was her sole attendant, and David Hender of Denver was best man. The newlyweds will spend the summer at his Wyoming ranch and will go to Europe in September to visit in Paris with the Baroness d'Almeida-Santos. They will make their home in Denver, where the bridegroom is an oil geologist. The Rev. C. Pardee Erdman of Santa Barbara performed the ceremony as he did for his son Hamilton Donnelly Erdman and Cinda Wheeler, daughter of the William Webb Wheelers, III, of Montecito in New York the same week. The two bridegrooms are the sons of the late Eleanor Donnelly Erdman and the brothers of Mrs. Ralph N. Peters of Chicago and the Baroness d'Almeida-Santos of Paris.

* * *

Herb Caen of the San Francisco Chronicle quips an inflation note: a year or so ago, he says, fabled Capt. George Whittell gave an option on 9,000 of his Tahoe acres to one John Maloney for $20,000. A syndicate of Honolulu, Oklahoma and Kansas wheels promptly bought the option for $100,000, purchased the 9,000 acres for five million, and sold the package to the Crystal Bay Development Co. for 25 million.

* * *

Fanger's Lodge, which has been owned and operated since 1928 by the Fanger family of Tahoma and Sacramento, has been sold to Golda Mae and Watler Domercq. The name will be changed to Domercq's Tahoe View Lodge, when they take over July 15. The Domercq's were in the linen manufacturing business in Santa Monica, and came to Tahoe in 1950, buying a home on the west shore at that time. The couple has one daughter, Mrs. Donna Macey of Van Nuys and five grandchildren. The Domercq's will also operate the filling station at the lodge.

* * *

The Sheldon Coopers will meet the Robert Watt Millers of San Francisco for the Salzburg Festival and continue on to Rome for the Olympics in August, beginning their vacation with a week's yacht trip along the Costa Brava and to Majorca.

* * *

Mr. and Mrs. Richard Walker will journey to Scandinavia after the summer Olympics where Dorothea will do some travel stories on Norway and Sweden for House and Garden.

* * *

Dorothy and Vince Bushey of Bushey's Lodge, Tahoma were late getting up to open this season, the reason being a lovely new home they just bought in Canoga Park The Busheys formerly lived in Burbank.

* * *

The usually quiet north shore was a madhouse over the holiday weekend simply because word got out that Frank Sinatra was lounging around Cal-Neva. People came from miles around to gawk at "The Voice" and mothers held up their children. Now that Sinatra is about to become a partner he'll headline at Cal-Neva sometime in August.

The first lighthouse erected in the United States was on Little Brewster Island in Boston Harbor in 1716.

BE CAREFUL WITH FIRE

Birthplace of a flood—Raindrops falling on this burned watershed find nothing to stop their progress. They rush wildly down the bare slope instead of soaking into the duff and humus that once formed the forest floor. As they go, they carry away the priceless top soil. People living down stream from this watershed can expect muddy flood waters following a heavy rain and a dried up stream the rest of the time. Help protect our priceless watersheds. Prevent forest fires!

MOTORISTS KILL DEER BY THOUSANDS ON STATE'S ROADS

With the vacation season well underway and thousands of motorists taking to the road in California, the department of fish and game asked that drivers be especially careful of deer on the roads.

Spokesmen for the department point out that 4,679 deer were reported killed by vehicles last year, with the largest numbers killed in the months of July, August, September, October and ovember. Last October 770 deer were road-killed.

Most deer are hit at night when vehicle headlights blind and confuse them.

Signs have been posted on many highways in deer areas, cautioning motorists to watch out for the animals. It would appear that litttle heed is paid to the signs, even though there are many instances of motorists being killed or severely injured in collisions with deer. The trend to smaller cars has increased this hazard to the motorist.

Deer are not the only highway casaulties. Several bear, elk and antelope were road-killed last year in California, along with countless thousands of rabbits, pheasants and other small game species.

The forest fire season is here—be careful with fire of any kind when you are in the forest and range lands of western America.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO — (CNS) — For a good many years, this column has from time to time, called attention to the need for installation of a school program for gifted students. In the beginning, this was met with the philosophy from some educators that the public schools could play no favorites, nor offer anything more to one student than to another.

This philosophy, however, prevalent ten or twelve years ago, rapidly is changing in the face of events signifying tremendous advances in science, space explorations, and the necessity for training the best brains available for advances in the future.

In offering a stepped up educational program to the gifted student, a democratic educational system is not offering more to one student than to another. It is merely selecting those students who show signs of becoming leaders in various fields in the future, and offering them additional instruction. It assures these students of enough to do to keep them busy without having to wait for the others to catch up.

Now, the state board of education itself is receiving a proposal for state aid to districts which maintain gifted student programs up to $300 per gifted pupil per year. These programs are maintained for the top two per cent of all public school students.

The proposal is the direct result of legislation financing a three-year study. The report includes a summary which shows gifted students given special educational opportunities learned far faster than equally talented students without extra aids. The report also describes many different types of programs used throughout California.

If the board of education adopts the report and recommends the suggestions contained in the document, undoubtedly the state legislature will be asked for additional money to finance the program. This will not be out of line with other special programs the state encourages, like the special aid given to backward students who need additional instruction and help.

There has always been some feeling in the legislature that the gifted student program was unnecessary, in that gifted student would be able to take care of himself, where the backward student would need additional assistance to make it at all. Certainly the monies spent on the backward students have not been wasted, but on the other hand, the future of the state and nation is primarily in the hands of those who at the present time are known as the gifted students. Therefore, it appears to be even more necessary to sponsor special programs for this group than for any other group.

With added assistance as a lure, probably almost all of the state's school districts will initiate the gifted students program. No one can tell at the present time just how much this will mean in financing, but it is certain the additional aid will run into the millions of dollars. The additional expenditure, however, is bound to pay dividends in the future, although it may not be noticed at the moment.

Generally, the public does not mind expenditures for education, if the people know the money is going for a worthy cause. Few causes more important can be found.

San Francisco's municipal water supply is derived from the high Sierra Nevada and from watersheds, springs and artesian wells in both San Mateo and Alameda Counties.

$400,000 Conservation Camp for West County

The state division of architecture has opened bids in Sacramento on construction of an 80-man forestry conservation camp seven miles northeast of Nevada City off State Highway 20. The facility will be known as the Washington Ridge forestry conservation camp and will consist of an office and barracks building, dining and recreation building, dormitory building, shop-storage building, warehouse building, gas and oil storage building, generator building, and two residences and garages.

The camp will be operated jointly by the Division of Forestry and the Department of Youth Authority for conservation work and related projects in the area.

Six bids were submitted. The low bidder is McDaniel & Burroughs, Inc., Marysville, $399,800.

Motor vehicle mileage in the U.S. during 1959 totaled 700 billion.

Scouts From Carmichael Trek Into High Country

Loren Graham, Steven Reagor and Rickie Nutt, all of Carmichael, were in Truckee Tuesday ,just prior to going in to the Five Lakes area. The trio will base at Five Lakes, spending the time until Sunday, hiking, fishing and "roughing it." They are all members of Explorer Scout Post 200 at Carmichael.

The young men were brought to the mountains by Loren's parents, Mr. and Mrs. Ralph Graham, who were Truckee residents for several years when Graham was working for the Southern Pacific out of here.

State Forestry Board Visiting Squaw Valley

As part of its tour of the central Sierra area, the state board of forestry will visit Squaw Valley and the snow laboratory near there on Friday. The regular business session of the board is being held at the El Dorado County fair grounds near Placerville today, following a tour of the Michigan-California Lumber Company operations July 13.

In addition to election of officers, the board will receive reports on insect infestations, tree farms, reforestation, fire prevention and other related subjects.

From Chico—

Mr. and Mrs. Ed Meiss of Chico are visiting her for at least a month before returning to their home.

To San Francisco—

Mrs. Reg Smart and Mrs. Eddie Sardi were San Francisco visitors this week.

Barrett Guests—

Weekend guests of the Douglas Barrett family here were Harold Altman and Naomi Triesman of Sacramento.

Mrs. Stewart Memorial Established by W.S.C.S.

At the July meeting of the Women's Society for Christian Service of the Methodist Church in Truckee, a memorial fund was set up in the memory of Mrs. Hannah Stewart, pioneer local resident and church member, who passed away recently.

The fund is to be used to beautify the area between the church and the sidewalk with flowers, shrubs and a small fence. Donations can be sent through Mrs. Rufus Fields, Box 2204, Truckee.

A new nominating committee was also selected consisting of Anita Allison, chairman; Muriel Fry and Ava Glenn. Refreshments were served by Ella Waters and Elaine Lander.

Two Visitors in Area Are Taken by Death

County Coroner Alvah Hooper of the Truckee Colonial Mortuary reported the death on July 5 of two visitors in the area.

The body of Dr. David Nelson Merchant was shipped to Los Angeles for last rites. A dentist, Dr. Merchant was 76 years old, a native of Texas, and is survived by his widow. He passed away at a Lake Tahoe resort last week.

Charles Lawrence Southern was pronounced dead on arrival at Tahoe Forest Hospital. He was a retired painter for the State of California. Funeral services were held in his home city of Sacramento. Southern, who is survived by his wife, was born in New York and would have been 81 years old this week.

Family Returns—

Rev. and Mrs. George Symons and young son returned last week after a brief rest, following Rev. Symons having been hospitalized for an illness.

Pace Guests—

Weekend guests at the home of Mr. and Mrs. Tony Pace were their daughter Sharon and friends Miss Jean Jolley, Bill Seawell and Jim Manwarring of San Francisco.

Back To Sacramento—

Mr. and Mrs. Joseph Gomes and daughters Cathryn and Lynn returned to Sacramento after a weeks visit with the Robert Leamon family.

Mrs. Heller Displays Aged English Plate

Mrs. Charles R. Heller is displaying another piece from her extensive china collection in the window of Heller's Variety this week.

A black on white print on a plate is titled "In Full Cry" and depicts a group of mounted gentlemen and their hounds in an English fox hunt. The plate was made at the Royal Cauldon pottery, which was established at Staffordshire, England, in 1774 and discontinued in about 1813.

COUNTY POLIO CLINIC IN TRUCKEE FRIDAY

On July 15 the Nevada County Health Department is offering polio and other immunizations for preschool children and adults. The clinic will be held at the old elementary school in Truckee between 12 noon and 1:30 p. m. Doors close promptly at 1:30 p. m.

The polio season is upon us so everyone should complete their immunization series now, declares Dr. George A. Foster, county health officer. If it has been 7 months since you had your second injection you are due the third. If a year has passed since you have had your third you are due for the fourth polio injection.

Remember—July 15 is "Immunization Day."

Sneak Thieves Raid Two Service Stations

Sneak thieves apparently were frightened off about 4 a. m. last Friday while trying to rob a soft drink machine at Roland Gautsche's Standard Station on Main Street West. The pair was seen by Ralph Daniels from his home across the street and fled across the railroad tracks.

Evidently, they proceeded a short distance east and broke into Osburn's Associated Service on Commercial Row, where they stole about $15 and the coin box from the soft drink dispenser there.

Home From College—

Walter Trainor is home from the University of Nevada for the summer and is at the home of his parents, Mr. and Mrs. Frank Snyder here.

Newly Weds Home At Squaw Valley

Mr. and Mrs. Richard Reuter, Jr., have returned from a trip to establish their home in Squaw Valley following their summer wedding, June 25 performed by Rev. Patrick O'Neill in the Queen of the Snows Catholic Church in Squaw Valley.

White candles and flowers flanked the altar in the lovely setting. The former Jeanne Kessey was given in marriage by her father, Ira Kessey of Oakland and she wore a gown of white silk organza with fitted bodice, puff sleeves and full skirt enhanced by the hand appliqued roses and embroidery done by her mother, Mrs. James Dunlap of San Anselmo. A wreath of flowers and waist length veil completed the ensemble of the bride. She carried a bouquet of white flowers during the double ring ceremony.

Miss Emelia Tucker of San Francisco and Miss Sharon Kessey were here attendants, attired in gowns of pink and nile green and bouquets of matching shades.

Kristin Kessey was the flower girl. Rod Triplette of Tahoe City acted as best man with Clyde Mandeville, Kings Beach, Barry Kessey and Michael Dunlap both of San Anselmo, ushers.

Mrs. Peter Vanni was the organist and Phyllis Gardner sang before and after the nuptials.

The couple first cut the wedding cakes at the reception which followed in Squaw Valley Lodge. Miss Kay Sharkey was in charge of the guest book with Miss Dorothy Lane, Miss Geri Bean, Mrs. G. Hartman, Miss Prue Manley serving refreshments.

The bride who was named Miss San Francisco in 1955, is a member of the Bib N Tucker sorority of San Francisco State College and has taught school in Truckee for three years, returning last year after attending the University of Oslo, Norway for a year.

Reuter is the son of Mr. and Mrs. Richard Reuter of Chico, a graduate of Yuba College and was with the armed forces in Europe during World War II. For the past five years he has been heading the ski and avalanche control at Squaw Valley.

F. E. Keele, granfather of Mrs. Reuter and Mr. and Mrs. Garland Hartman and children all of Seattle, Washington were out of town guests.

Veterans Service Man In Truckee Tomorrow

The Nevada County Veterans Service Officer will be in Truckee, on Friday July 15, between the hours of 10 a. m. and 3 p. m. Anyone desiring to avail themselves of these services may do so at the office of Judge Fosten W. Wilson, Justice Court, during the hours indicated.

Driver is Found Guilty Of Seven Violations

Harry Arnold Craig of Grass Valley was found guilty of seven counts of violating the motor vehicle code in a trial before District Judge F. W. Wilson last Thursday afternoon. The charges ranged from driving while intoxicated to driving without a license and without proper registration.

Craig, who pleaded not guilty to some of the charges, acted as his own attorney. District Attorney Harold Berliner prosecuted the case. Judge Wilson levied a $350 fine with an alternative of 70 days in the Nevada County jail.

Corpus Christi Guild Will Serve Brunches

The ladies of the Corpus Christi Guild at Tahoe City announces that a brunch will be served after each of the masses this Sunday, July 17, at the church. A cake sale will be held in connection with this event and cake donations may be brought to the church.

Van Sickles Seek Rights To Water From River

SACRAMENTO — (CNS) — The state water rights board reported it has received an application from Lloyd D. and Alta M. Van Sickle, Truckee, for .04 cubic feet of water a second from three unnamed tributaries to the Truckee river.

The water would be used for domestic and stockwatering purposes and irrigation. Development cost was estimated at $5,000.

Mrs. William Englehart, Jr. and daughter Gail visited Sacramento and took Miss Caroline Lagomarsino home after she had been visiting here.

GRANDSON

Mr. and Mrs. Ralph Rowton of Soda Springs report the birth of their grandson, Leland Stanley, on June 20 in the Kaiser Hospital, Oakland. The fourth child of the Lawrence Rowton family of El Cerrito weighed in at 7 pounds 9½ ounces. Other children of the parents are Susan 7, Carla, 6, and Loren 4.

On Peninsula—

Daryl E. Weinand, son of Mr. and Mrs. Hugh T. Weinand, has been spending the past two weeks on the peninsula with his grandparents, Mr. and Mrs. E. M. Weinand, of San Bruno and his uncle and aunt, Mr. and Mrs. L. D. Weinand, of San Mateo.

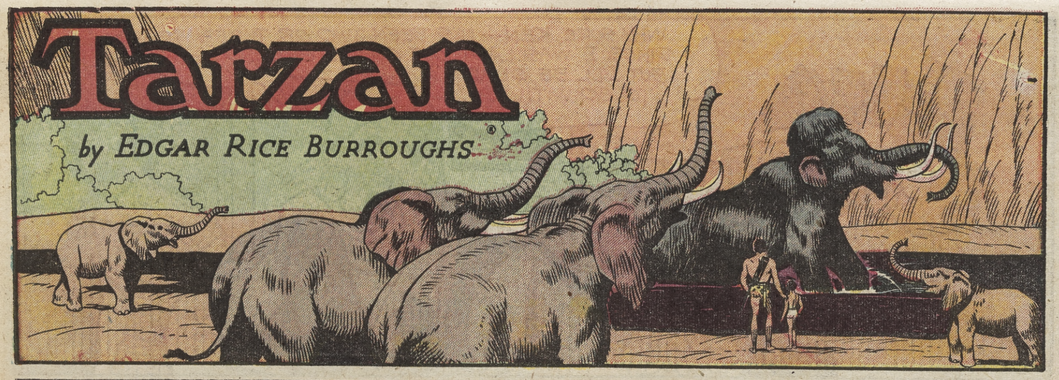
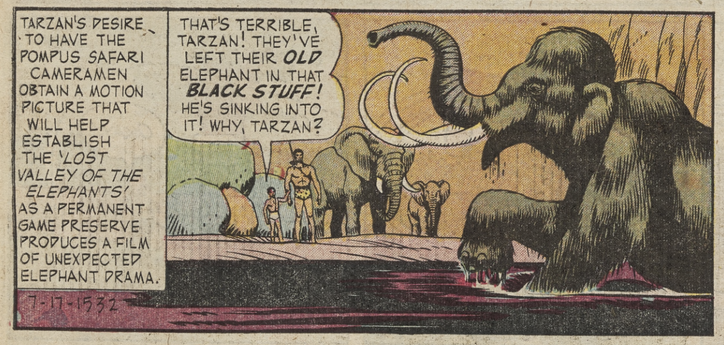
Tarzan

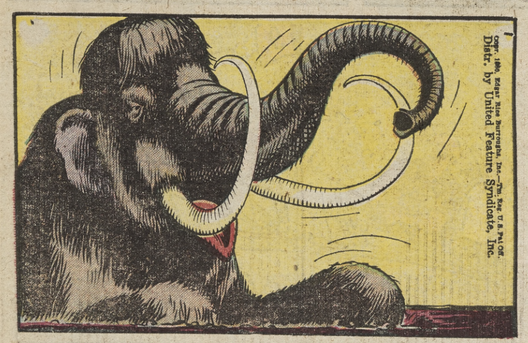
by EDGAR RICE BURROUGHS

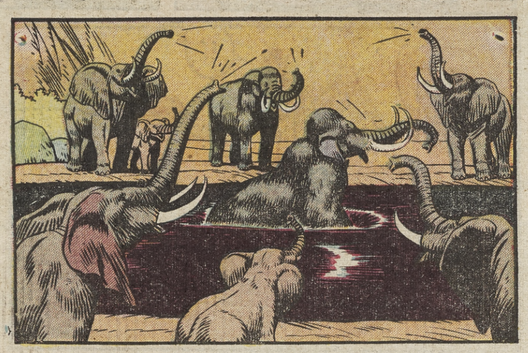


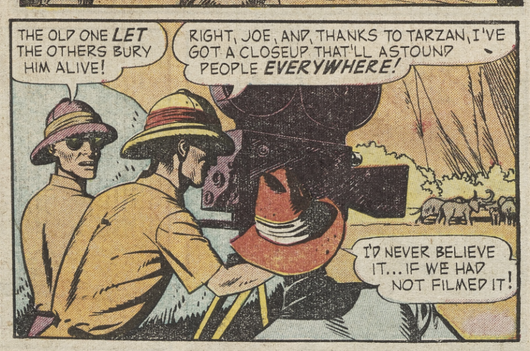


TARZAN'S DESIRE TO HAVE THE POMPUS SAFARI CAMERAMEN OBTAIN A MOTION PICTURE THAT WILL HELP ESTABLISH THE 'LOST VALLEY OF THE ELEPHANTS' AS A PERMANENT GAME PRESERVE PRODUCES A FILM OF UNEXPECTED ELEPHANT DRAMA.
THAT'S TERRIBLE, TARZAN! THEY'VE LEFT THEIR OLD ELEPHANT IN THAT BLACK STUFF! HE'S SINKING INTO IT! WHY, TARZAN?
7-17-1932

WE'RE WITNESSING THE WILL OF THE ELEPHANTS, ITO! WHEN THEY SENSE THEIR LAST MOMENTS HAVE COME, ELEPHANTS TRY TO BURY THEMSELVES, OUT OF SIGHT! MOSTLY IN DEEP SWAMPS! BUT THESE 'LOST VALLEY' ELEPHANTS HAVE THAT PITCH POND FOR THEIR GRAVE... WATCH!







THE OLD ONE LET THE OTHERS BURY HIM ALIVE!
RIGHT, JOE, AND THANKS TO TARZAN, I'VE GOT A CLOSEUP THAT'LL ASTOUND PEOPLE EVERYWHERE!
I'D NEVER BELIEVE IT... IF WE HAD NOT FILMED IT!

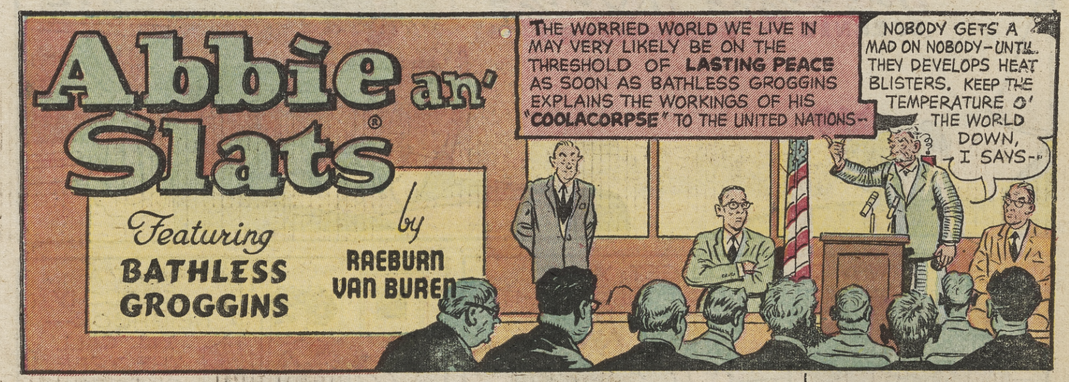
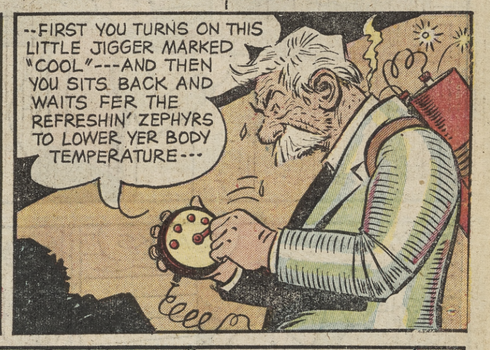
Featuring BATHLESS GROGGINS

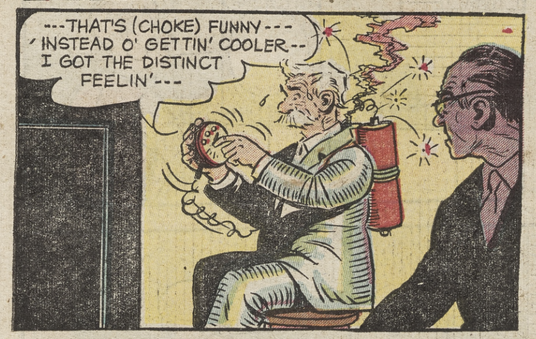
by RAEBURN VAN BUREN

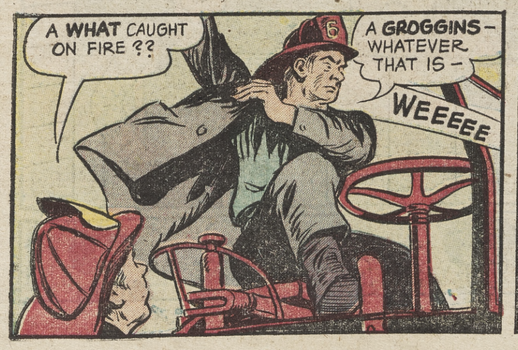


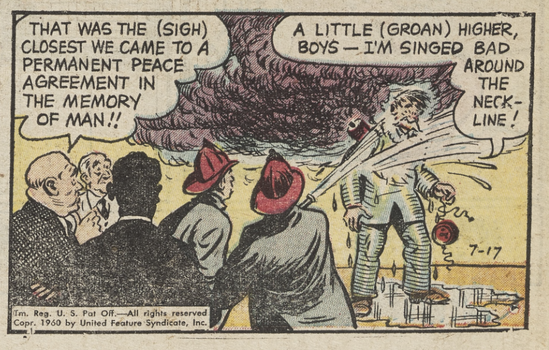
THE WORRIED WORLD WE LIVE IN MAY VERY LIKELY BE ON THE THRESHOLD OF LASTING PEACE AS SOON AS BATHLESS GROGGINS EXPLAINS THE WORKINGS OF HIS "COOLACORPSE" TO THE UNITED NATIONS--
NOBODY GETS A MAD ON NOBODY-UNTIL THEY DEVELOPS HEAT BLISTERS. KEEP THE TEMPERATURE O' THE WORLD DOWN, I SAYS--"



--FIRST YOU TURNS ON THIS LITTLE JIGGER MARKED "COOL"---AND THEN YOU SITS BACK AND WAITS FER THE REFRESHIN' ZEPHYRS TO LOWER YER BODY TEMPERATURE---







THAT WAS THE (SIGH) CLOSEST WE CAME TO A PERMANENT PEACE AGREEMENT IN THE MEMORY OF MAN!!
A LITTLE (GROAN) HIGHER, BOYS—I'M SINGED BAD AROUND THE NECK-LINE!
